

Webinar

Credit as a tool for raising finance for nature restoration and plantations

01.07.2024

14.00 hrs to 17.00 hrs (02.00 PM to 05.00 PM IST)

goodcarbon

Carbon credit and green credit programmes have been initiated as financial incentives to promote the environment conservation and sustainability activities focused on increasing the green cover. Let's listen from the experts about these programmes and discuss its mechanism, process involved and project implementation.
